## Continue Votes Despite Order Packers Still Plan Strike Budget Highlights

OTTAWA, Oct. 13.—(CP)—Highlights of tax changes in Finance Minister Halsey's budget speech follow:

**Personal Income tax to be cut 16 per cent, effective Oct. 1, 1945.**

Income tax relief for contributors and recipients of annuities and pensions.

**Minimum standard profits for excess tax purposes increased for all firms with less than \$25,000 standard.**

**Tax reductions to reduce revenue by \$300,000,000 in full fiscal year.**

**Sole proprietorships and partnerships relieved from 15 per cent tax on total profits but tax on excess profits continued.**

**Percentage reductions to be granted in succession duties where property passes second time within five years.**

**The 20 per cent refundable portion of excess profits tax abolished and the 100 per cent excess profit tax rate reduced to 60 per cent, effective Jan. 1, 1946.**

**Income tax exemptions enjoyed by service personnel serving afloat and in the air in Canada or the western hemisphere to be abolished.**

**100 per cent tax imposed on profits from purchase of Alberta bonds purchased between Jan. 31, 1945 and Aug. 7, 1945.**

**Excess profits tax limitation on advertising expenditures removed as from Jan. 1, 1946.**

**Machinery and apparatus of production removed from sales tax list, effective Oct. 12.**

**Excise tax of 25 per cent on furs reduced to 10 per cent but all furs and fur trimmed garments placed under eight per cent sales tax.**

**Goods brought in from United States by tourists under \$100 purchase privilege exempt from sales tax.**

**Exemption of profits from new base metal mines from excess profits tax to be continued and profits from gold mines and certain industrial mineral mines to be similarly exempted as from Jan. 1, 1946.**

**War exchange tax of 10 per cent on imports from non-empire countries discontinued, effective Oct. 12.**

**Gift Limitation Exemption Claim For Advertising**

OTTAWA, Oct. 13.—(CP)—Excess profits tax provisions restricting the amount of advertising for which a taxpayer could take credit are to be removed Jan. 1, under budget proposals announced last night by Finance Minister Halsey.

Removal of the restriction coincides with a reduction in the general excess profits tax rate from 100 to 60 per cent. The restriction was applied to prevent taxpayers using excess profits for advertising.

The limitation was based on a quota related to previous advertising expenditures.

**More Tax Relief For Low Income Groups Favored**

OTTAWA, Oct. 13.—(CP)—Percy Bronghous, president of the Trades and Labor Congress, said today he thought tax reductions in the new budget should have given greater relief to low income groups, rather than the "slashing of excess profits."

C. H. Millward, Canadian director of the United Steelworkers of America (USWA), said in Toronto he would like to have seen lower income brackets exempted entirely.

He described the reduction in excess profits tax as unnecessary.

Government officials here of Burns and Company meat packing plants in five western cities apparently have not immediately banished the possibility of a meat packers' strike.

Despite provision in the order-in-council authorizing the seizure of men failing to perform their duties when the plants are under government control can be fined \$20 a day, officials of the United Packinghouse Workers (U.P.W.) in three western cities said plans for the strike were going ahead.

They would be stopped, these officials said, only when the packers' union is reached with the agreement.

**WINNIPEG, Oct. 13.—(CP)—**Mr. Justice S. E. Richards of Winnipeg has been appointed commissioner to arbitrate the dispute between United Packinghouse Workers of America (U.P.W.) and Burns and Company.

Mr. Justice Richards said he would hold a preliminary meeting next Tuesday to discuss settlement of the dispute.

giving workers their previous demand to decrease "take home pay" for a 40-hour week (instead of previous 48-hour week). This is tantamount to a demand for a 30-per-cent wage increase.

Shoppers on the strike front, the strike of 10,000 workers from the Ford Motor Company plant at Windsor, Ont. was quickly vanishing, a government-management conference, and the strike strikers' conference.

From CP, AP and British Press

**HEADQUARTERS ALLIED ARMY OF OCCUPATION, TOKYO, Oct. 13.—**The first time in Japan's long history, Japanese women today were given the right to vote as Premier Shidehara's crisis cabinet took steps to implement General MacArthur's order that the Japanese government must take steps to improve the status of women.

The order was the result of the new order of the people.

In the face of open skepticism of Japanese liberals, the cabinet in two days, approved a resolution to the Diet measures granting vote to women and lowering the voting age of electors from 25 to 21.

Under the new laws it is estimated that about 10 million women will be eligible to vote.

**Postpone Strike At Packing Plant**

A walkout of employees of the Edmonton plant of Burns and Company will be delayed for one week, according to information dispatched Saturday morning to Hon. Humphrey Mitchell, minister of labor.

The wire was drafted by heads of the union locals in the plant and John Letourneau, secretary of the CIO.

Mitchell was asked to use his influence in originating a meeting between government officials, union leaders and the company attorneys for the purpose of trying to avert the strike, and to give final consideration to the demands over which the strike is threatened.

With the government having taken over five plants of Burns and Company, a new development occurred last Saturday morning when employees of Canada Packers of Edmonton, located on the north side, laid down an ultimatum that unless their demands were met by Friday they would take a strike vote on the following day, stated Mr. Mitchell.

## Lower Impost on Salaries Effective From October 1st; Excess Profits Levy Slashed

By C. K. BLACKBURN

OTTAWA, Oct. 13.—(CP)—Finance Minister Halsey last night delivered his first peacetime budget message to the Commons and announced substantial reductions in personal, excess profits and other taxation to encourage quick restoration of healthy peacetime economy.

To a crowded house where there was standing room only in the galleries, the minister announced a 16 per cent reduction in personal income tax effective Oct. 1 and lowered the 100 per cent excess profits tax to 60 per cent.

He made other changes the same direction and announced the government's policy of lowering taxation as circumstances permitted.

These tax reductions will cost \$300,000,000 a year in revenues and result in a \$250,000,000 estimated deficit at the end of the fiscal year.

**Loosen Shackles Of War Taxation**

But the minister said he was concerned with loosening the shackles heavy wartime taxation placed upon private enterprise.

"I have been concerned," he said, "with making such reductions as would speed up the transition to peacetime conditions, and contribute promptly to the expansion of enterprise and employment."

He referred frequently in his 10,000-word speech to the negotiations looking toward new adjustments in financial relations with the provinces and their effect upon federal policies.

"I have been willing," he said, "to look beyond the end of this fiscal year and, despite uncertainty as to the tax fields which we can occupy exclusively in the future, recommend these immediate steps which will have the effect of maintaining the incomes from which all government revenues are derived."

**War Exchange Tax Cancelled**

Effective immediately the minister cancelled the war exchange tax of 10 per cent imposed in 1940 on all imports from non-empire countries.

This tax was imposed as a means of conserving foreign exchange and discouraging unnecessary buying at a time when all resources were needed for war purposes.

"Export markets will become increasingly competitive," the minister said. "Primary producers must to a considerable extent re-equip themselves."

"An important part of the equipment and supplies will be imported and it would be a short-sighted policy not to assist producers in reaching the lowest possible cost of expansion. . . . The tax was discriminatory and could not be justified under conditions of normal trade."

**Announces Removal Of Sales Tax**

The minister announced immediate removal of the sales tax of eight per cent on all machinery of production. Much of this is already exempt.

But the tax remains in motor vehicle and office equipment and such commodities used in distribution and services.

The sales tax, Mr. Halsey said, had a "discouraging effect" on efficient modernization of productive equipment, applying as it does to imports as well as domestic production.

"We should, wherever possible, remove taxes which result in higher (production) costs. Particularly, we should remove those taxes which, imposed far back in the productive process, increase cost out of proportion to the contribution they make to revenue."

**Tax Reductions Important Now**

"It is especially important that if such reductions in taxation are to be made they should be made now so that industry can immediately begin to plan for the future with confidence in the future of the country."

The sales tax exemption will be on that machinery and apparatus which the revenue minister deems necessary to production and manufacture and will be effective from mid-night last night.

"The minister had some good news for the women. He so changed the tax on furs as to reduce the general impost on furs and substantially lower the cost of fur used in trimming wearing apparel."

The betterment and often inefficient collection of the sales tax on articles brought in from the United States by tourists exercising their privilege of entering \$100 worth of purchases free of duty, is ended by removing such articles from the tax list.

**Barrier To Employment Expansion**

Of the excess profits tax the minister said it was a war measure "which has commanded overwhelming support."

Four Canadian Army soldiers were removed to city police station Friday evening after a fracas in the downtown area which saw military policemen under treatment at the base hospital.

A city police riot squad picked up the soldiers responsible after the protest march in the city of the War of 1812.

Wales Army had appeared for civil police assistance.

**HELD IN BARRACKS**

The four men apprehended, all of whom were later taken under heavy guard to barracks detention, were understood to be well known to the police here.

The affair began when police received a phone call from the Union race, 1020 97 street at 4:45 p.m. At that time, the cafe management complained that "two Canadian Army soldiers were causing trouble."

### Overseas Troops To Get Exemption

OTTAWA, Oct. 13.—(CP)—Members of the Canadian Forces overseas will continue to enjoy income tax exemptions, but those in Canada and the western hemisphere will not be granted any exemption beyond last night.

Finance Minister Halsey announced last night.

The exemption granted to civilian forces of the Royal Air Force Transport Command will be rescinded at the end of this year.

"Income tax exemption was granted to those members of the forces in Canada and the western hemisphere whose duties normally were performed in ships or in aircraft."

"Now that active hostilities have ended, the exemption for those members of the forces whose duties are being discontinued and the exemption is being withdrawn," said Mr. Halsey.

In the case of civilian forces of the R.A.F., they were granted an exemption of one-third of their remuneration.

## Navy Man Pleads Guilty Of Robbery

BURNABY, B.C., Oct. 13.—(CP)—George R. Banner, 35-year-old naval rating from Winnipeg, pleaded guilty in police court here Friday to robbery with violence in connection with an assault on taxi-driver Elmer Spackman, Oct. 4. He was remanded to Tuesday for sentence.

Despite a reminder from Magistrate A. A. Grant that he could be sentenced to life imprisonment with lashes for such an assault, Banner capriciously refused to divulge any details concerning his past life or the reasons for his conduct.

He identified the weapon—a 10-inch steel railway bolt with a 10-inch nut on the end—as the one with which he struck the young taxi-driver over the head when he refused to give him his money.

Police evidence was that Banner then drove off in the cab and wrecked the car in a deep crevice.

## Income Tax Reduced

(Continued from Page 1)

"But," he added, "in the period of reconstruction, it is becoming a barrier to expanding employment."

He said the tax had been particularly severe on sole proprietorships and partnerships where the principal paid income tax as well as the heavy business taxes levied on the business. He announced removal of the 15 per cent general tax on total profits of such businesses but leaving them "For the time being," subject to the excess rate.

All businesses, whether incorporated or not, will enjoy an increase in the standard annual profits permitted them in assessing excess profits tax.

### Increase Minimum To \$15,000

The minimum at present is \$5,000 a year. That will be increased to \$15,000 and those whose standard profits were in excess of \$15,000 will be increased by half the difference between the existing minimum and \$25,000. Those whose were in excess of \$25,000 will be unchanged.

This will mean, the minister said, that more than 12,000 businesses will be relieved entirely of excess profits taxation.

Mr. Halsey said the government believed that the 100 per cent rate of excess profits tax could not be justified in a period when it was desirable to encourage business and employment.

### "Interim Step Toward Abolition"

As an "interim step toward the ultimate abolition of the excess profits tax," he announced reduction of the rate to 60 per cent and abolition of the 20 per cent refundable portion. These changes, he said, the excess profits tax will be effective, as from Jan. 1, 1946.

They will cost the government \$72,000,000 in a full year and the abolition of the refundable portion will mean the loss of a similar amount. The government also will change in standard profits bases and removal of the 15 per cent tax on total profits of unincorporated firms, will cost \$22,000,000 in revenue.

Other changes in administration of the excess profits tax removes the administrative control on the amount a firm can charge to advertising.

The existing exemption of profits on new base metal mines for the first three years of operation expires at the end of this year. It has been extended as from Jan. 1, 1946, and new gold mines and mines producing certain strategic minerals will be similarly exempt for the next three years.

### EXTEND TAX CREDITS

It is proposed also to extend for another year the tax credits allowed mining and oil companies for off-property expenditures on exploration and deep-test wells.

There are clear and obvious reasons for such a reorganization and simplification of this tax as is practicable. This was not done, however, for that organization, particularly when negotiations with the provinces are pending on proposed amendments to the federal government.

If they these proposals are accepted, the government will bring forward legislation for extended tax credits and measures involving a contribution which, whatever its form, will have an important bearing on the equitable distribution of income tax rates.

### INTERIM MEASURE

The cut of 16 per cent was "an interim measure of prompt and uniform relief," he said, to be applied to the current tax reductions at the source as soon as the necessary changes can be made.

It will apply as from Oct. 1, 1945 and that will cut the income tax of the current calendar year by four per cent.

There were additional changes involved in administration of the Family Allowance Act and other alterations arising from acceptance of the report of the Royal Commission on taxation of annuities and family corporations headed by Mr. Justice Lves.

In brief these changes exempt all but the interest element in contractual annuities and annual payments under wills or trusts are taxable only to the extent they are paid out of income.

### TAX EXEMPTIONS

Contributions to pensions funds are to be tax exempt up to \$900 a year a person both from employers and employees, from the present \$500 exemption.

The collection of seven per cent at the source on payment of dividends, royalties and registered interest is abolished but the disbursement must continue to report such payments to the income tax branch.

The present deduction from taxable income for major health expenses is enlarged to cover the costs incurred through death of a taxpayer.

The exemption granted service personnel engaged in flying or serving abroad and those flying with the Royal Air Force transport command, is abolished.

### BLOCK SPECULATION

To forestall profit-making in speculation on Alberta bonds during the period of negotiations for their redemption at full value, a 100 per cent tax is imposed on gains from such speculation between Jan. 31, 1945 and Aug. 7, 1945, the period during which negotiations were carried on.

The minister said consideration would be given requests for a revision of the tax as applied to farmers and fishermen, so that their income tax rate might be based on the average of a period of years, due to the variability of their incomes.

Mr. Halsey offered little hope that the refundable portion of income taxes collected during the war years up to last year when it was abolished, could be paid before the time fixed in the act. The provision that these refunds would be made not later than the end of the second year, is commencing after the end of hostilities.

### TWO SIMPLE CHANGES

Two simple changes were made in the Succession Duties Act. No duty will be collected on the value of a pension receivable as a taxable income.

A percentage reduction will be applied to the succession duties where the same property passes again to the result of a second death within a period of five years from the first death.

Mr. Halsey appealed for support of the forthcoming victory loan from which he hopes to make up much of the deficit between the estimated expenditure of \$4,000,000,000 and estimated revenue of \$2,000,000,000.

There is still no other victory loan in the next 12 months, he said. "There is still a great national need for systematic saving and prudent spending. Hostilities have ended but men have still to be brought back and readjusted to civilian employment."

## Will Implement Recommendation By Commission

OTTAWA, Oct. 13.—(CP)—Recommendations of the Royal Commission for changes in the taxing of annuities and pensions and on the distribution of surplus by private closely-held companies are, in general, to be made effective, Finance Minister Halsey informed the Commons in his budget speech last night.

The commission dealt with two phases of taxation. On annuities and pensions it recommended that the combined effect of income tax and succession duties which became parties largely evident when a major shareholder died.

It is proposed that in respect of contractual annuities the capital element in such annuities will not be taxed, Mr. Halsey said. It is recommended that annual or periodical payments to trusts should be subject to income tax only to the extent that they are paid out of income.

PENSION TAX

Mr. Halsey proposed that pensions be subject to income tax, except those cases where an employee was previously subject to tax on pension contributions.

Pension contributions were normally subject to deduction for income tax purposes and were taxable but under some pension schemes tax was paid on contributions, with the pension payments to be tax-free.

Earnings in the hands of trustees of pension funds will be exempt from income tax and a limit of \$800 a year is set on the annual exemption allowed an employee or employer for contribution to a pension fund.

Mr. Halsey also announced that steps would be taken to implement a 60 per cent rate of income tax making pension funds subject to continuing pressure.

FLAT RATE PLAN

As a result of the problem of closely-held corporations in meeting both income tax and succession duties on the death of a principal shareholder the government proposed adopting a schedule recommended by the commission permitting payment now of taxes on surpluses accumulated from 1927 to 1938. To take advantage of the flat rates offered under this plan payment must be made by Dec. 31, 1947.

The schedule provides a 15 per cent tax on the base \$25,000 or less and goes up to \$99,750 on \$100,000 to 33 per cent, on the amount over \$100,000.

The lives commission was under the chairmanship of Hon. W. C. Ives, former justice of the Alberta Supreme court, with Dr. W. M. Macdonald of Winnipeg, and M. W. Mackenzie of Montreal as members.

ated that upwards of 2,000,000 women may be eligible to participate in the country's forthcoming general elections.

TAKES ACTION

The cabinet acted unanimously after MacArthur gave the new Japanese premier, Baron Kijuro Shidehara, orders to enact universal suffrage and effect other democratic reforms.

Shidehara's cabinet lowered the voting age of men from 25 to 20 and the minimum age for holding office from 30 to 20, then voted to make the eligible ages for women conform.

Home Minister Kenzo Matsunaga reported that 4,800 police chiefs had 1,400 police chiefs discharged from Japan in compliance with another of MacArthur's directives.

Many of the chiefs had been active agents of the militarists in their "thought control" subjugation of the Japanese people.

The cabinet also discussed other democratic reforms demanded by Gen. MacArthur, including guarantees of the free speech and free assembly.

EMBASSY ARRESTS

The American Eighth Army command reported that 4,800 police chiefs had 1,400 police chiefs discharged from Japan in compliance with another of MacArthur's directives.

Many of the chiefs had been active agents of the militarists in their "thought control" subjugation of the Japanese people.

The cabinet also discussed other democratic reforms demanded by Gen. MacArthur, including guarantees of the free speech and free assembly.

The newspaper Manchurian reported that Emperor Hirohito had decided to attempt reconstruction for the present of the Imperial palace destroyed by Superfortresses in a raid last May. Instead of the patch said, he will "share the housing difficulties with the people."

Brilliant Russian and Chinese troops will participate in the occupation of Japan, it was stated. Allied headquarters today. Details were not given out, but it is expected the new division from Soviet troops will be sent to Japan to work with the American Army of Occupation.

## Tax Changes in Budget

OTTAWA, Oct. 13.—(CP)—Following are salient passages from the tax change portion of the budget address delivered last night in the Commons by Finance Minister Halsey.

"It is proposed that the (income) tax levied shall be abated by 16 per cent dating Oct. 1, 1945. This abatement of 16 per cent will be applied to the current tax deductions at the source just as soon as the necessary change can be made. Since the change is applicable from Oct. 1, the abatement on the whole tax liability for 1945 will amount to four per cent. For a full year, the abatement will be 16 per cent.

"As an interim step towards the ultimate abolition of the excess profits tax, it is proposed to abolish the 20 per cent refundable portion of the excess profits tax, and reduce the rate on excess profits to 60 per cent. The simple effect on the proposed legislation will be that all corporate profits will bear a rate of 60 per cent, and corporate profits in excess of 100 2-3 per cent of standard profits will bear an additional tax of 20 per cent.

"In the case of the sole proprietors and partnerships, the rate on profits in excess of approximately 117 per cent of standard profits will be 60 per cent. It is proposed that these changes should be effective as from Jan. 1, 1946."

There has been a considerable number of inquiries as to the refundable portion of the personal income tax is to be returned to the taxpayer. It is provided in the act that in the case of taxes paid on contributions, with the pension payments to be tax-free.

"That means that refunds on 1942 taxes must be paid not later than March 31, 1946. Refundable taxes for 1943 must be repaid not later than March 31, 1946, and those for the six months of 1944, not later than March 31, 1950.

The present time does not appear to the government to be a period in which such a general refunding of these sums is desirable, owing to the strong inflationary pressures which still exist. Under changed conditions, the government would give consideration to the payment of these refunds.

## Wainwright's Story — No. 5 Battle for Survival Begins on Luzon As Japanese Land

Loss of His Air Force, First Enemy Landings  
Described by Hero of Corregidor

This is the fifth of a series of articles by General Jonathan M. Wainwright telling of the events that led to Bataan, Corregidor and his long imprisonment and mistreatment at the hands of triumphant Japanese. Today's article tells of the damage to Clark Field, the disappearance of his air arm and the first landing of the enemy.—EDITOR

By GENERAL JONATHAN M. WAINWRIGHT

(Copyright 1945, King Features Syndicate, Inc., and The Edmonton Bulletin. Reproduction in whole or in part strictly prohibited.)  
The raid on Clark Field was over in 14 minutes, except for a little peppering by light Jap planes. I got to the field as the last of the large bombers was drumming away. The place was a shambles, twisted and burning and sending great pillars of black into the sky.

More than half of the new B-17's, which had just flown in, were scattered about the place in thousands of pieces. All the machine shops and hangars were down, and most of the officers' quarters and barracks.

I did what I could to organize the removal of the 193 dead and wounded. We had only three or four ambulances at Stotsenburg but we used trucks for the overflow and got the wounded over to our hospital. Ninety-three of the casualties were killed at Clark. Seven more died that night in

our hospital.  
Most of our planes were caught on the ground. Our fighters, such as they were, were not at Clark that day. They were based at a new field at Iba, on the coast of Zambales province, about 40 miles north of Olongapo. They were hit just as suddenly, just as fast and simultaneously with the bombers at Clark. The fighters had been up earlier that day but had landed for fuel and lunch.  
The Japs lost only two planes during the raid on Clark. These were shot down by the 20th Coast Guard Artillery's anti-aircraft batteries stationed in cantonment at the edge of the airfield.

### CAPTURE "AMERICANS"

As for enemy paratroops, the only chutnies my Filipino troops captured that day were a half dozen American boys who baled out of a disabled B-17. Cavalrymen from the Twenty-Sixth Regiment crashed through the thickets in a valley east of Clark and rounded them up at some risk to the fliers.  
I rode back to Stotsenburg about 3 o'clock that afternoon for lunch and found an American girl—Mrs. Necker, wife of the manager of the Radio Corporation of America station at Manila—sitting on my front porch. She had been up to Bataan with friends over the week end and had driven down to Stotsenburg before the Bataan raid. "My husband was supposed to meet her at Stotsenburg, but the Japs had knocked down one of the railroad bridges on the line leading up from Manila. She was stuck, one of the first

of so many defenceless American women caught in the machinery of war. Tom Dooley quickly found there would be no train to Manila until the bridge was repaired. So I fixed up a room for Mrs. Necker and got through a call to her husband.

Mrs. Necker seemed very grateful and asked me what he could do to repay me.  
"Send a message to my wife and tell her I'm okay," I asked him. He did this, and sent other such messages, one of the last of which was a Christmas wire to Mrs. Wainwright, just before the Bataan station closed down.

### THOUGHT OF ADELE

I had thought of Adele's list that first day of the war, had thanked God she was out of it. But I missed her badly. There were so many things to say that I could not be said to anyone but a wife.  
Tom Dooley drove Mrs. Necker to Manila the next morning, and on the same day the undamaged and patched-up bombers at Clark Field took off and went south—along with the unincaptured bombers at Nichols Field. What was left of the fighters stayed on Luzon, to be whittled away by the next two planes. Throughout the whole campaign our fighters were used mainly for reconnaissance. There weren't enough of them to fight the enemy.

The rest of December 9 was spent in telephoning MacArthur's headquarters and working at the job of getting all the personnel of my command at Stotsenburg under as much cover as was available. The Twenty-Sixth Cavalry was moved from its barracks and stables and camped in a nearby woods.

A treat for the general's lady: Mrs. Wainwright has her first look at one of the pens used by Gen. Douglas MacArthur during the Japanese surrender ceremonies and which was presented to her famous husband, who is holding it here.

ers I saw earlier in the day had gone. My post was half-wrecked. Worse, the bombers had sighted that part of the Twenty-Sixth Cavalry assigned to guard against paratroop landings and had sighted out a distressing number of men and horses, including some of my only seasoned men.

All of them and their mounts would have been smashed if it had not been for Gen. Clinton A. Pierce, a great little fighter from Nevada, who had not seen it that part of the Twenty-Sixth stayed in the woods.

It is hard to see a man die. But for a cavalryman it is almost equally hard to see a gallant horse die. The Twenty-Sixth lived to see them all die, one by one.

The Japs invaded the Philippines on December 12, 1941. They struck and landed at little Aparri, on the northern Luzon coast, and a half far southeastern coast of the Rizal Peninsula at Legaspi. I was back at Lingayen Gulf that day and when I got my report from Aparri, which was the landing which concerned the North Luzon force, I decided to let them land.

### FEINTING AT APARRI

They were feinting at Aparri. They had hit it with a reinforced brigade of about 2,000 men, attempting to pull some of my forces up to that point and weaken the already weak defenses in the Lingayen Gulf region.

Besides I knew that the only way south from Aparri was down the Cagayan Valley, and a battalion in the Belite Pass at the base of the valley, and dug in well enough to stop a fairly considerable force moving down that way. So I made no deployment of my main body of troops, so certain was I that when the Japs made their serious landing they would make them in the areas where I had the chief weight of my troops.

But the rat was in the house, and it was no comfort. I drove half to half-wrecked Stotsenburg that night of December 12 to find that it had been re-bombed during the day. It was irritating as the devil to have my headquarters anchored at Stotsenburg instead of farther north. But I was tied down by my Thirty-First Division, which was over on the Zambales coast. These men still a chance that the Japs would strike there, so I couldn't get too far away from it.

### MOVE HEADQUARTERS

But on the 13th of December I did compromise by moving my headquarters to a town called Bantam, about ten miles northeast of Stotsenburg. It had a better road but when I got back to Stotsenburg, near it, and I knew that that night I knew where the bomb

ings and stables and camped in a nearby woods.  
The horses of the pack battery also were led to similar shelter. The men of the pack battery stayed at their gun positions in front of headquarters.

And that day I started to get some transportation for the North Luzon force. It was transportation of a laughable kind, though not at the time. I hired a number of ordinary passenger buses from two commercial firms, which eventually helped us in the long and heartbreaking withdrawal into Bataan.

### RENTED, BOUGHT CARS

I rented and bought smaller cars, too, for staff work, administration and couriers. When diligent efforts failed to unearth additional cars to rent or buy, I sent junior officers out on the roads and we got those by stopping them and receiving tories about that, but our main chance of survival depended on our mobility. That I sensed, on top of seeing that MacArthur would be able to send me few of the supplies requested in the list which Johnny Pugh, my aide, had carried to Manila.

### ON DECEMBER 9

MacArthur's chief signal officer, Brig. Gen. Aiken, came to Stotsenburg to inquire what I needed in the way of communication equipment. My own signal officer, John Stanwell, semi-explicitly pulled out of his pocket a carbon copy of an unwarranted request he had sent in to MacArthur's headquarters some time before.

Gen. Aiken looked through it and shook his head. He handed it back.  
"We can't do very much for you," he said. "You'll have to improve."

So as of December 9 we had only the public telephone and telegraph system for our communications, and our borrowed and appropriated transport system ranged from lopsided buses to sports convertibles. We had no navy and no air force beyond the reconnaissance P-40's. All five of my divisions were still mobilizing. The Twenty-Sixth Cavalry, my pack battery and Philippine Scouts outfits were the only efficient combat units we had.

### INSPECTED DEFENCES

I drove up to Lingayen Gulf the next day, the 10th, to inspect the beach defenses of the Eleventh and Twenty-First Divisions. A number of Jap planes shot over us on the way, going south as we went north. But we were not molested. It seemed like a good omen at the time, but when I got back to Stotsenburg that night I knew where the bomb

pending more on messengers and couriers than on the fragile public phone system.  
Monday. The Japs hit our undertrained, undermanned and partially equipped forces, who had only their heroism and the leadership of Wainwright—to lead them.

## Bank Savings Of Canadians Soar Sharply

OTTAWA, Oct. 13.—(CP)—Individual Canadians have more than tripled their savings in bank accounts, government securities, and other insured assets since 1938. Finance Minister Flavel informed the Commons last night in his budget address that the total insured assets represented an increase of more than \$5,000,000,000 compared with 1938.

### MAJOR ITEMS

Major item in the \$5,000,000,000 increase was \$3,200,000,000 in Dominion government securities. Savings in the form of life insurance, the Thrift Savings were a large 1945 individuals had in currency. Bank deposits, including savings, and Dominion government securities more than \$9,000,000,000. This was estimated at \$5,000,000,000 in 1938. It was estimated that at May 31, 1945, pensions, homes or corporate securities were not included in the estimate.

Mr. Flavel said this increase in savings was in time a policy adopted in 1939 of limiting borrowings, after an initial credit expansion designed to facilitate a rapid increase in production, to genuine savings.

The intensive campaign to borrow from individuals dates from the institution of war savings certificates in 1940, followed by the first Victory loan in 1941.

### SUBSCRIPTIONS GROW

The number of individual subscriptions grew from 945,543 in the first Victory loan to 1,178,725 in the fourth loan last June. "I trust that in the sixth Victory loan which is being offered by the U.S. this time, a great number will be maintained or exceeded," Mr. Flavel said. "It is difficult to estimate the importance for the future of the very large savings acquired by individuals in this country."

Troops have "been in the mill for at least 30 days," said the spokesman from the U.S. State Department, chief of staff to Gen. MacArthur. He said it was up to Washington to decide the size of the respective Allied forces which will be sent here.

## THE Future will be as we Think, and Act — NOW!

—Believing this, and believing that the Teamwork we have used in War is needed for the constructive purposes of Peace;

—believing, as we move from War to Peace, that what we have done together against a common foe can also be done, together, for common Happiness and Prosperity;

—believing that True Progress calls for the creation of new Opportunities, thus enlarging the scope and increasing the prospects for ALL—

**BELIEVING** these things we present here some of our Old and some of our New Staff.

This enlarged Organization's job will be to serve You better, and help make brighter that Future toward which we are all moving—together.

## In Budget Speech

## Isley Recognizes Graveness Of Continued Heavy Taxes

OTTAWA, Oct. 13.—(CP)—Government policy of maintaining a high and stable level of income and employment has become a major consideration in shaping the budget, Finance Minister Isley said last night in his budget address in the Commons.

## Budget Excerpts

OTTAWA, Oct. 13.—(CP)—Following are excerpts of the fiscal portion of Finance Minister Isley's budget speech in the Commons last night:

"In such modifications as it is possible to make in taxation, it is imperative that we do what we can to reduce costs, reduce taxes, encourage investment in the expansion of the employing capacity of our industries, whether in large or small enterprises, and promote efficiency in production and export."

"We must maintain for some months yet the economic stabilization policy. It has been a sheet anchor during the war and it is not to be cast off while there is still danger that what we have gained should be quickly lost."

"In these circumstances (Dominion-Provincial discussions), it would clearly not be prudent to take on too heavy and irrevocable steps in the modification and re-organization of our tax structure."

"The financial needs of war and demobilization are still very great in this as in every other country. On the other hand, this is also the first peacetime budget and its effect on employment and income must be accepted as of major importance."

"On a later occasion the House will be asked to approve a very large increase in the amount already provided under the Export Credits Insurance Act."

There is one happens to add— the fact Russian bailing here at home. The British are determined as we are—if not more so—to come to a fundamental understanding with the Russians. But even as long as Kevin is foreign secretary, the British Ministry is in a position they never consent to an understanding solely on Russian terms as it took office. The suspicion that at least certain Washington officials had that aim in mind, is deep-seated.

There is another remarkable suspicion voiced the other day in the "New Statesman." It was arguing that the formation of a Western European bloc, part of the plan to Labor as the Conservatives —was not really based on any de-

# THIS TIME BUY BONDS FOR ONE YEAR!

CANADA'S 9th Victory Loan will be the only Victory Loan campaign for the next 12 months. This means that a huge saving of time and manpower can be effected . . . if everyone continues to buy Victory Bonds on the same scale as before.

So, when you are asked to increase your purchase this time, you are not asked to increase by a penny your monthly outlay; but simply to continue your present instalments, through your bank or by payroll deductions. This time you sign up for a year, instead of six months... that's the only difference.

And Victory Bonds, besides being the safest and best investment you can make, will provide for your future prosperity. Co-operate with our allies in bringing essential help to liberated countries. Production for this purpose together with production on the backlog of home requirements will help create employment. This time you insure your future two ways, when you buy Victory Bonds!

**THIS MUST NEVER HAPPEN AGAIN!** Remember the raucous voice which hurled out threats through '37, '38 and '39? And the dark months which followed, with the news always of defeat? It is to prevent this happening again, that Canada shares in the occupation of Germany. Your part in this is to keep on buying Victory Bonds.

**THEY ARE COMING BACK!** Men who have been overseas for years . . . men of Dieppe and Caen and the Channel Ports . . . men of Sicily, Cassino and the Senio River . . . men of the seas and of the skies . . . are returning home. Your continued purchases of Victory Bonds are needed to accomplish this and to see them successfully re-established in civilian life.

**THE PEACE IS NOT WON YET!** Canada and her allies are pledged to help the sick, hungry peoples of war-wrecked countries. And every Canadian must be assured of the opportunity to earn a decent living. . . the money you lend in the Ninth Victory Loan is needed to accomplish this . . . as well as to help build a strong Canada for your own future prosperity.

### Hanna Air Cadets Create New Record

**HANNA.**—The 43 (Hanna) squadron, Air Cadets of Canada, now have the largest enrolment in the history of the squadron. Twenty-five of last year's cadets have returned for training and to date 18 boys have been accepted for the first time.

The training this year is in charge of R. G. P. Cochran, J. Williams, recently discharged from the RCAF, and S. E. C. Angus, recently discharged from the RCAF. D. Van Riem, RCMP, J. Tait, cadet administrator, and J. Fisher, paid a visit to the squadron recently. Sgt. W. O. Hoskins, in charge of PT and drill instruction, will be in Hanna on Oct. 23.

### Glenn From Rural News

**VERMILION.**—Harvesting is practically over in the Vermilion area. Threshing has progressed slowly. After a week's fair weather, operations were stopped by rain on Tuesday. A few machines began again Thursday.

**SEDEGWICK.**—The legion held a "rehabilitation dance" here recently at which members drew for winners in their raffle. Mrs. A. Lezer of Bashaw won the \$2,500 bond and Mrs. J. Patterson of Greenfield, a \$500 bond.

**SEDEGWICK.**—Pte. Tom Waters and Pte. Fred McKee have returned home. Beekeepers report a very successful year with some members getting a yield of 200 lbs. of honey.

**SETTLER.**—Mr. and Mrs. J. W. Patrick and young son John are guests of Mrs. R. L. Patrick and Mr. Harry Patrick. Miss Doris Lee, recently discharged from the RCAF, spent the week-end in Calgary and while there attended the marriage of Miss Catherine Cunningham, who also was with the RCAF.

**SETTLER.**—Mr. and Mrs. Harry Cullis of Edmonton were holiday visitors in town recently. Mr. and Mrs. Percy Lee, Jas. Dennis, RCAF, has returned from overseas and is the guest of Dr. A. C. Dennis in town.

**BASHAW.**—Cpl. C. Kerck, RCAF, returned from overseas on Sunday having arrived on the 11 de France. Sgt. R. Torpy returned home after five years overseas on active duty. He expects to receive his discharge soon.

**DUFFIELD.**—Harvesting operations are being held up due to recent heavy rains. Wheat yields are reported as high as 32 bushels an acre with some going from 10 to 15 bushels. Average yields will probably be around 18 bushels in this area.

**DUFFIELD.**—Mrs. Bert Cornell of Calgary is a visitor at the home of her uncle, Edgar Akins. Jim Dwyer, who has been with the Canadian Army overseas has returned to Highvale.

**DUFFIELD.**—Miss Olga Noy and Mabel Collingridge were recent visitors to Seba Beach. Mr. and Mrs. Berry who have been in charge of the CNR station, have left to take up permanent residence at Winnipeg.

Spenser and Albert Terry won prizes for their gladiolus shown at the Wilkie flower show. Miss Myrtle Burpee, daughter of Mr. and Mrs. W. Burness of Ruyth, has gone to Toronto to take a course in missionary and deaconess work under the sponsorship of the United Church of Canada. She was accompanied by Miss H. Chambers, who will visit relatives in Toronto and Jim Reeve and their sister, Mrs. Archie Hope, and daughter, of Brooks, are visiting relatives here.

**VETERAN.**—Miss Marjorie McDonald entertained the CGIF members at her home on Thursday.

### Harvest Season in Alberta Recalls Customs of England

By C. WARD

**PERRYVALE.**—During the harvest season, something or other generally crops up to bring to mind customs which prevailed in the "good old days" from about 1880 to the end of the century.

One of these is the comparison of the first reaping machine seen at its initial experimental work-out in England at which astonishingly quickly, the getty of the neighborhood mingled with the farmers, great and small, and the crowd of onlookers was swelled by school children who had been given a holiday to view the innovation which proclaimed that the back-aching task of reaping by scythe was in the obsolescent stage. Of course that the men simply repaired to the public house where they washed down a chunk of bread and cheese brought with them with good ale.

The crowning point of the harvest was when the last load was brought in from the field, and a

hereafter after reaping machines were in common use, drawing gradually died out, which also illustrated the falling of the glimmers left for which task the wheat was walked a quarter mile morning and night to the church to signify by its monotonous "dinging" that between 7 a.m. and 7 p.m. was the legitimate time for picking up odd ears of wheat and barley.

The unwieldy looking engine with its horse-drawn "bang-pump" preceded by a man heaving its approach by waving a red flag, was an event which aroused a boisterous outpouring of the youngsters.

In the matter of engine fuel, it was an unbroken custom that the farmer, in addition to providing the quantity needed for his own consumption had to put in the tender sufficient to take it to the next place, whether the distance was short or long.

**THRESHING CREW**  
The farmers' wives didn't have to dread the coming of a threshing crew, for no mola were provided. The men simply repaired to the public house where they washed down a chunk of bread and cheese brought with them with good ale.

The crowning point of the harvest was when the last load was brought in from the field, and a

### Cardston Mother Bombed Weekly --- With Laundry

**REGINA.** Oct. 12 (CP).—The target practice PO. Bruce Walter obtained when he dropped bombs over Germany is saving his laundry bills today.

Walter, a member of the RCAF's Pathfinder Squadron overseas, completed one tour of operations. Now he ferries laundry to the very camp and every week, when he comes over his home in Cardston, Alta., he drops his laundry on his mother's farm. Walter washes it and mails it on to him.

This service costs him the price of a telegram telling her the approximate time he will drop it.

"harvest-home" supper was partaken by all the hands, provided jointly by the various farmers. Farm carts decorated with sea-

sonable foliage and filled with jubilant villagers paraded the street; the evening winding up with speeches by equine and avian, and on occasion by a special lecturer.

banquet was held with teachers and school trustees attending. The guest speaker was Duncan Lines of the Edmonton Commercial High School. The annual dance was held in the Elks' hall.

# This was a "sign" of Defeat

# Sign your name for Victory

To Canada's gallant fighting forces a great portion of the credit is due for Victory over the Nazis, climaxed by the signing of Allied terms for unconditional surrender. While we at home put forth our united efforts to supply material help towards achieving this result, the debt to our Sailors, Soldiers and Airmen still remains. Nor will the slate be wiped clean until every man and woman who returns is happily re-instated in a Canada at peace, offering better opportunities and more attractive prospects for the future than ever before.

Now that the world at large is again at peace, we must fearlessly tackle the tasks that lie ahead. Let us keep unnecessary spending down by keeping the volume of Victory Bond Sales up! Let us, in a true spirit of gratitude, unite in a combined effort to make sure that our boys and girls who offered their all for Canada and the cause of freedom, may come into their heritage. Every Bond each one of us buys is a token of our whole-hearted sympathy in the common cause.

### Answer to Previous Puzzle

# The Bulletin's OPERA SHOW by Hal Dean

SPORTS EDITOR

ALTHOUGH Prof. Maury Van Vleet failed in an attempt to have Calgary Broncos show in Edmonton today, the intercollegiate and junior games with Varsity versus Canadians at Clarke Stadium next Tuesday as a starter, will make a fairly substantial football menu for Edmonton grid fans this fall.

University of Alberta's new athletic director had the wires hot this week trying to make the Broncos, but apparently Dean Griffing hasn't been free from equipment grief either and some of his players couldn't make the trip. There is still a possibility that Calgary may be here on Saturday, Oct. 27.

Golden Bears backfield this year will average 186 pounds and the line just two pounds less. Return of Bob Frazier to Varsity after a stretch in the Army, means the addition of considerable power to the green and gold backfield. Bob ranks with the best backs in play at the U. of A.

**DATES THREE YEARS AHEAD**  
EMPHASIS on continuity in the football picture at the University appears quite obvious in the future program as outlined by Dr. Percy Duggan on Friday night.

Most of this year's team will be back at Alberta next year and it is hoped to arrange for practice to commence around Sept. 15, in order that the team might be off to a flying start when University opens. Plans to have a couple of early games with Montana colleges are now being considered.

And arrangements already have

### Wares To Join Chicago Hawks

REGINA, Oct. 13.—(CP)—Poli-was conversion will be the day for Eddie Wares of Calgary when he reaches Regina and Chicago Hawks training camp, club officials said Friday.

Wares, who trained with Calgary army team last year, and previously with Detroit Red Wings, has been purchased by Hawks from the Wings.

Czech Johnny Gottselig of Hawks, whose previous injuries have been largely those of devoting rear guardmen capable of bucking up the varied assortment of hockey injury which his forward line has, is looking to Wares to help solve these troubles.

It could not be learned immediately when Wares would arrive, but Hawks president Bill Tobin, in announcing his purchase at Chicago said Wares would leave for Regina at once.

WINNIPEG, Oct. 13.—(CP)—Sparked by the powerful plunging of Frank (Moonball) Mathers and the dead-eye placement kicking of Ches McCauley, Winnipeg Blue Bombers routed roughed-up Regina Roughriders here last night to chalk up a 22-0 victory.

Mathers, playing his third game for Bombers before leaving for Regina to play hockey, smashed through the Regina line for long gains time after time during the first half.

Early in the first quarter he recovered a fumble by Regina back Leo Moore on the 36-yard line and knifed through for four successive plunges.

Moore and Jim Foutsler staged a snappy kicking duel at the half with both men booting the ball 30 yards or more on many occasions.

Two Regina players were hurt and had to leave the game, Johnny Penneck with an injured head and quarter back Joe Hawlick with a groin knee. Both were minor injuries.

Meiers, who played a standout game for the Roughriders, put them in a threatening position in the first quarter by booting a 40-yard field goal. Cullen then knifed through the line three times to put Roughriders on Winnipeg's four-yard line.

However, on a third-down play Cullen tried to make take placement which was knocked down.

A pass from Mathers to McCauley in the second quarter and a 30-yard run put Bombers on the Regina 15-yard line. Harry Beckwith then caught a lateral pass on the first down and romped over touchdowns No. 2.

Roughriders came close to scoring in the final quarter when Moore kicked behind the Winnipeg goal line, but Ken Draper managed to kick the ball off the one-yard line.

Bombers kicked off first down and on the next play Danny Bonner intercepted a Regina pass. Bob Handford then found a 30-yard pass to McCauley who made a beautiful catch, leaping high in the air to get the ball. He had a finger injury.

Sutton took over the plunging spotlight and smashed through the line for two first downs before going over for the last Winnipeg touch.

Back at Toronto, Beathies and Widens are tied for second place ahead of Totals, who in turn lead the cellar-dwelling Rockets.

## Will Play City Juniors On Tuesday

A FOOTBALL program for the City Juniors will be held on Tuesday night at the University of Saskatchewan, in a home-and-home series with University of Saskatchewan, the winner of the latter to go to Vancouver for two games.

Opening with a game at Clarke Stadium next Tuesday night against the city juniors, now known as Canadians, the schedule for the Bears calls for an intercollegiate clash here with the University of Saskatchewan, and a home-and-home series with University of Saskatchewan, the winner of the latter to go to Vancouver for two games.

Alberta journeys to Saskatoon next Saturday, Oct. 20, to meet the Saskatchewan Huskies and the B.C. Thunderbirds will be here Wednesday, Oct. 24, again to meet the Bears on the following Saturday.

Saskatchewan comes to Edmonton on Saturday, Nov. 3, and dependent upon their points record in the provincial league, either Huskies or Golden Bears will proceed to Vancouver for two sessions with the Thunderbirds.

Tuesday night game with Varsity will give the Canadians a chance to sharpen up for the provincial league playoff with Calgary, the first game of which will be in Edmonton on Oct. 20, with the return in the southern city a week later.

The outlook for the city juniors has been rather bleak for the past few days, but rather than see the annual Edmonton-Calgary play-off fiasco, the Canadian Athletic club has assumed responsibility for the team, originally under the joint sponsorship of both Canadian and Edmonton Athletic clubs. Lieut. Danny Brown, team manager and the team personnel will not be affected. Jim Pepper and Gordon Rayner have been handling the coaching.

Varsity's Bears have been working out regularly since the university opened under head coach Van Vleet and Percy Daigle, assistant coach, both of whom appear pleased with team prospects.

Some of last year's Bears are back and many of the freshmen are several players with considerable playing experience.

The tentative Golden Bears line-up for Tuesday is: Left half, Mickey Hajas, Calgary; full back, Bob Frazier, Calgary; right half, Bill Ingram, Edmonton; blocking back, "Paddy" Westwood, Calgary; quarterback, Jack Perry, Lethbridge; ends, Sutherland and Smith, Edmonton; tackles, Ken Nickerson and Gerry Wiggins, Edmonton; Harold Peacock, Rimbey; center, Art Howard, Calgary.

Others on the roster include: Boyes, Jack Williams, Whitlaw, Sweeney, Miller, Mike, Palawak, Rod McNamee, Collins, Darryl Duncan, Paul Drouin, Sandy Giesbert, Nor, Nihil, Bill Simpson, "Rick" Hyslop, Cameron.

If all the players paid each day for daily newspapers in Canada were placed in a straight line 24 miles in edge, they would reach 24 miles.

Whitaker did not appear at the CLA hearing. William Eastbrook, of Vancouver, CLA secretary, said Whitaker has been suspended until he appears before the CLA executive.

CLA did not have such thing, "Gunn asserted. When S. C. C. Garbner, coach George Cleverly accused one of this before the CLA Wednesday, I got angry and said, 'Sure, I do everything.' This was what the CLA convicted me on."

Gunn said he had been asked to appear before the association as a witness against Bill Whitaker, S. C. C. Garbner, swimmer, whom he accused of beating him up after the third game of the finals. Whitaker did not appear at the CLA hearing.

Members are assured of a good season's curling in a good building, well lighted and cheerful. The club's semi-annual meeting will be held in the club house on Thursday, Nov. 1, at 8:30 p.m.

Team personnel announced following workouts of both on Friday night show two high-powered squads capable of giving a good exhibition of junior hockey.

Altogether will wear Maple Leaf uniforms and will use three complete forward lines, along with four defencemen and a pair of goalies.

Canadians have named 13 forwards, four defencemen and a pair of goalies. Ron Matthews, out with a badly sprained ankle will be an absentee and Doug Johnson, another defenceman is on the sick list. Forward Bob Fleming is a recent casualty with a broken ankle and Ray Spencer and Bill

Highel will not be dressed tonight. Following are the lineups: All-stars: goal—"Sparky" Miner (EAC); defence—Bill Pettigrew (EAC); Dave Ellis (South Side); Don Gault (EAC); Mike O'Neill (EAC); forwards—Bob Matthews (EAC); Mike Thomas (EAC); Jim King (ML); Don Robertson (EAC); Michael Wagner (ML); But McPherson (ML); Don Burke (EAC); Don Christian (ML); Tommy Nairn (EAC).

Canadian: goal—Don Murray; defence—Gordon (EAC); Leo Sora (EAC); Ken Anderson (EAC); Dave (EAC); John Rymen (EAC); Eddie Thomas (EAC); Cy Thomas (EAC); Doug Anderson (EAC); Bill Johnson (EAC); Don Slater (EAC); Groves (EAC); Dick Stuart (EAC); Harvey Ross (EAC); Leo Luchini (EAC); Fred Spence (EAC).

## Edge Out Seattle Seals Take Coast Playoff For Third Straight Year

SAN FRANCISCO, Oct. 13.—(AP)—The San Francisco Seals on the wings of outfielder Ned Young, who hit a run blast to left field in the ninth inning, defeated the Seattle Rainiers, 6-5, last night to win the Pacific Coast League's \$5,000 Governor's Cup playoff for the third straight year.

The Seals, who finished fourth in the regular season, won the final series four games to two. In the final game, Ned Young drove in [De] Young for the tying run after Seattle had pushed ahead 3-1. Seals, who had kept San Francisco in the running with a three-run home Thursday night, lifted Syd Jolly's offering cleanly into left center for the payoff.

By ALAN HARVEY

**TORONTO, Oct. 12 (CP)—**Calgary, the "shootingest city in the British Empire," is a victim of the housing shortage.

Basement premises where the Calgary Rifle Club's rifle range has been located for several years have been converted to other uses and the club is out on the street.

Unless a new location—even a temporary one—can be found quickly, Calgary will face this winter from the hard-frozen position of leadership in the shooting world. It has won in more than 40 years of competition," says Tom (Calgary Alchemist) Moore.

The club which won three consecutive team championships in a not exceptional season last year has been looking four months for a new location without result. President Bill McNabb told Moore a new range can be built next year if building restrictions are eased, but meantime "it looks as though we will have to close up shop—unless somebody can give us a lead on a suitable spot we can rent."

Calgary appears to be making a determined bid to become a hockey power. George (Halla) Hare, president of the Calgary Hockey Association, is quoted as a reliable source, says some Cape Breton club officials are prepared to go "all out" for a high-class team. ### "Mac" Is Returning

## Rangers' Outstanding Line May Play Together Again

**WINNIPEG, Oct. 12 (CP)—**There's a possibility that one of New York Rangers' great forward lines, the Chabot-Shibamoto-Collins trio, might be back together again this season.

Left: Patrick said last night he had received a cable from the only absent member of the famous trio, Mac Collins, who said "the time has come to see this I expect to be on the high seas before Canada's Rangers skated into their second day of pre-season NHL workouts Friday and most of the players in the 3-man squad showed signs of finding their feelings."

It will be some time yet before Frank Brimley-attempting to find out any definite lines from more than a dozen forward players.

Mac Metell offered a split tip during Friday's session but after being asked to be continued to play, Metell is the second of three goalkeepers in the Ranger camp who has been injured. Chuck Barringer is out with a torn ligament in his hand from Thursday's practice.

### Training Camp Notes

**By The Canadian Press**  
The man with hockey's quietest handle—Earle (Leaky) Hooten—was a visitor at the National Hockey League training camp of Montreal Canadiens shortly after returning from overseas. Hooten, former member for Montreal's army team, related that during the war Allied offensive in Germany he encountered a Canadian soldier herding about 5000 German prisoners of war into a wire cage. The Canadian, wearing a machine-gun, set Jack Portland, former defenseman for Canadians and Boston Bruins.

Four goaltending candidates attended the first pre-season workout of Toronto Maple Leafs at Oshawa, Ont., Thursday. They are Frank McCool, rookie award winner with the championship Leafs last season; Gordie (Tinkie) Bell, a sensation with Buffalo Bulls of the American League before joining the navy; Aldego (Baz) Bastien of North Bay, Ont.; and Horace (Budd) Lamarche of Sault Ste. Marie, Ont.

Chuck Millman, master of strategy, who now lives in Vancouver, bids for a berth with Boston Bruins in Quebec City. Millman, a navy physical training instructor the last four years, says he weighs 200 now and "never felt better in my life."

Jimmy Slugg of Edmonton, much publicized before he even arrived from the west to try out with Canadians, is the youngest member of the Montreal camp. Ralibert says Jimmy is 18 or 19. A good stickhandler with plenty of speed, Slugg is expected to serve apprenticeship for a split week with Montreal Royals in the Quebec City league before making the hop to the big time.

IT WAS RIGHT NICE OF MISS LANE TO GO TO ALL THAT TROUBLE. I BETTER GO ON DOWN THERE AND THANK HER!

NOT YET, O'BANION. I'VE GOT OTHER PLANS FOR YOU.

LOOK- I BEEN PUSHED AROUND FOR FOUR YEARS, AND I DON'T FIGURE ON BEING PUSHED AROUND BY YOU!

(-UMMM, IT'S A LITTLE DIFFICULT BEING SUPER- PERSUASIVE IN MY IDENTITY OF CLARK KENT, BUT-)

SO GENTLY THAT O'BANION IS SCARCELY AWARE OF BEING LED, THE DISGUISED SUPERMAN HUSTLES HIM ALONG...

STILL, I'M SURE YOU WANT TO COME ALONG WITH ME!

WELL, COME TO THINK OF IT, I GUESS I DO!

WHAT'S THIS PLACE?

MY APARTMENT. YOU'RE WELCOME TO SHARE IT UNTIL YOU GET LOCATED. I CAN ALSO LEND YOU SOME CIVILIAN CLOTHES.

Y'VEAN PLAID SUITS AND RED NECKTIES AND GREEN SOCKS? YOWEE!!

YOU'LL FIND THEM IN THE BEDROOM. HELP YOURSELF WHILE I MAKE A PHONE CALL.

LOIS? I FIND THERE IS QUITE A STORY ATTACHED TO OLLIE O'BANION! IT WAS NICE OF YOU TO SEND ME TO MEET HIM WHILE YOU PUBLISHED THE STORY UNDER YOUR BY-LINE. TROUBLE IS, YOU'RE GOING TO LOOK AWFULLY SILLY WHEN YOU CAN'T PRODUCE O'BANION.

WHY, YOU-YOU KIDNAPER! YOU-YOU DOUBLE-CROSSER! ALL RIGHT-YOU WIN! THE NEXT EDITION WILL CARRY YOUR BY-LINE TOO. BUT, CLARK KENT-YOU GET OLLIE O'BANION DOWN HERE THIS MINUTE!!

HEY, KENT-HOW DO I LOOK IN THIS OUTFIT?

(-MY SPARE SUPERMAN OUTFIT. I FORGOT I LEFT IT HANGING IN THE CLOSET!-)

IT'S A-A SORT OF MASQUERADE COSTUME. I THINK YOU'LL FIND THIS A LITTLE MORE SUITABLE.

YOU MASQUERADING AS SUPERMAN? THAT IS A LAUGH, KENT!

MEANWHILE, AT THE DAILY PLANET...

I COULD MURDER CLARK! BUT I SUPPOSE FINDING O'BANION'S DREAM GIRL IS THE REALLY IMPORTANT THING. (SIGH) IT'S SO...SO ROMANTIC...

THAT DIZZY STORY OF YOURS SURE HIT THE JACKPOT, LOIS! ONLY ONE EDITION ON THE STREETS- AND ALREADY HUNDREDS OF WOMEN ARE BEATING ON OUR DOORS!!

## SKIPPY HELPS

**S**KIPPY the chipmunk is a very good Teenie Weenie horse. He can pull heavy loads in the Teenie Weenie cart and he can climb any tree with the greatest of ease. It is nice to have a horse that can pull a heavy load of nuts and it is extra nice when that horse can climb a tree and knock down the nuts, too. Skippy is such a busy little chipmunk that the Teenie Weenies sometimes can't get him to work for them. So the little people were very happy when Skippy agreed to help them get their Winter's supply of apples.

Two apples usually supply the little folks through the Winter. One apple they store away in their food cellar, and when the Cook wants a piece of fresh apple for salad, applesauce or for Teenie Weenie pies, he cuts off some and immediately covers the spot where the piece has been cut out with hot wax. That preserves the apple so that the Teenie Weenies have fresh apple for a long time. Another apple is cut in two and one half is made into apple butter, which is sealed into Teenie Weenie six and ten-drop jars. The other half is dried. So the little people always have a supply of apple on hand. This, according to the Teenie Weenie Doctor, helps to keep the little tribe healthy.

One morning the men loaded a spool of stout thread into the Teenie Weenie cart, hitched Skippy to the cart and set off for their apples. When they arrived at the tree they discovered that all the apples had been picked except two that hung on one of the highest branches of the tree. The little

men unhitched Skippy and took off his chipmunk harness. Then, holding one end of the thread, the Cook climbed onto Skippy's back. The chipmunk ran up to the top of the tree, where the Cook climbed off. Skippy ran down and soon brought up several more Teenie Weenies. Each little man had a safety line tied about his waist. This could be snapped around a tree limb so there would be no danger of falling. One end of the thread which the Cook had carried up the tree was passed over a branch and

then fastened to the stem of an apple. When everyone was ready, the apple was cut from the tree and the men below lowered it to the ground. Soon both apples had been loaded into the cart. Then Skippy pulled it to the village.

The Teenie Weenies paid Skippy two pouches of corn for his help. A chipmunk has a pouch in each cheek, and each pouch holds about 20 grains of corn. So Skippy received 40 grains of corn. Besides, the little folks promised to save all the apple seeds for him.

# The Road Ahead

By CAPT. HARPER PROWSE, M.L.A.

WORK on the clearing of the first lands selected for settlement by veterans under the Alberta government's plan to begin immediately. I learned in conversation with Hon. N. E. Tanner, minister of lands and mines for the provincial government, last week. The first block to be cleared is near a town in the Peace River district called Robb and straddles the rail line between Tangent and Spirit River. This should stop, for the moment at any rate, fears that the lands might be too remote.

The land to be cleared lies roughly in townships 78 and 79 in ranges 24 and 25 West of the Fifth meridian. It is hoped that some of it will be available for settlement by next summer. John B. Tanner, in charge of the project is still out of town so an accurate estimate as to when the land will be available cannot be made at this time.

Next block to be cleared will probably be four townships lying to the south of the town of Tangent. Rush covering here is fairly heavy but soil surveys show that the land will make good farms. All the lands already selected have been well surveyed and tested by the provincial departments of lands and mines and agriculture.

**OPEN SCHOOL LANDS**  
Arrangements have been completed by the provincial government to throw school lands open to veterans. Under this recent arrangement it's hoped to make it easier for veterans to obtain farms in their home districts. Mr. Tanner explained. These lands will be made available to veterans under agricultural leases and the veterans' allotment on them can arrange with the Veterans Land Act officials to draw a cash grant of up to \$2,500 for the following purposes:

1. The purchase of essential

### Pass Through City Liberated British Prisoners Tell of Atom Bomb Explosion

There was a brilliant blue flash, such as might have been caused by a giant electric spark, then terrific concussion, shattering windows and leaving the roofs from stinging buildings when the atomic bomb was dropped on Nagasaki, said Pte. Oliver Lodge, Jr., of Leeds, England, who claimed that he had been working in a Japanese shipyard about six miles from the centre of destruction.

### The Inquiring Reporter

What do you think of the Dominion government's action in taking over the Bains and Co. packing plants?

### THE ANSWERS

**LEN LONDON, salesman:** The shippers of the plants would be a very serious matter for the livestock industry, our Vancouver, and for the general public. If taking over the plants will prevent a stoppage of work the government will reap credit for its action.

### HARRY STEPHENS, clerk:

The threatened strike action may be averted by the government's action. If, however, it is just a measure to keep the packing plant employees continue work without any action being taken to reduce their grievances, the situation may be made more complex. If taking over the plants will prevent a stoppage of work the government will reap credit for its action.

### WILLIAM FRASER, bookkeeper:

It is not unexpected that the government should act as it has. I suppose the action was taken to stop the strike while arrangements are being made to have negotiations between the company and the workers started.

Best man was William Williams, son of Mr. and Mrs. William Williams, and Bruce Williams.

Mr. Elizabeth Richardson played the wedding music. The bride's maid was Miss Margaret Thomas Richard, daughter of Mr. and Mrs. D. G. Richardson.

After the ceremony a reception for 20 guests was held at the home of the bride's father, where Mrs. Zankas and Mrs. Richard were present.

The couple is spending a honeymoon in the Jasper Park area. The bride's father, Mr. D. G. Richardson, is a member of the C.I.A. Radio theatre.

Mary's future plans are to attend the University of Alberta, where she will major in English with a view to the careers of dramatics or writing. On Saturdays she works in a city department store.

## Hats Menace At Movies

Fashion has laughed a parade of high gowns, hats, the equal of which has never been seen. Yet, it is probably true that the high gowns and hats are the most fashionable of the season.

Given in marriage by her father, the bride wore a gold and white gown and the groom wore a tuxedo. The ceremony was performed by the Rev. H. G. Turnbull.

**MATRON OF HONOR**  
Matron-of-honor was Miss M. McLean, cousin of the bride, from Calgary, who wore a coral dress, pink accessories, and a corsage of deep pink roses.

In checking up on the heating system at the beginning of the heating season to determine what repairs or renovations may be needed to provide fuel economy and household comfort, attention should be given not only to the furnace and pipes and chimney but to the radiators themselves.  
During the summer, when radiators stand idle, packing around the valves may begin to leak and not be discovered until the heat is turned on. Radiators which proved inadequate for one reason or another

during the last heating season but which have been forgotten about during the summer should be re-considered. Placement of radiators or the addition of extra radiators should be arranged before the heat is turned on for the winter. And of course one should remember to get all the air radiators before the cold weather sets in. This air should be taken off when the first fire is lit.

Pipes leading to and from radiators should be checked at this time to make sure that neither rust nor clogging has impaired their use.

Check with your local plumber. The little time it will take him to do necessary repairs now and the little such insurance against trouble later will cost a good investment.

The Dominion Government has passed an Order taking control of the packing plants of Burns and Company Limited and prohibiting stoppage of work in the plants at Vancouver, Edmonton, Prince Albert, Regina and Winnipeg.

The text of the Order follows:

AT THE GOVERNMENT HOUSE AT OTTAWA  
THURSDAY THE ELEVENTH DAY OF OCTOBER, 1945

Present  
HIS EXCELLENCY  
THE GOVERNOR GENERAL IN COUNCIL

WHEREAS the Minister of Labour reports that he is advised that there is grave danger of a strike in the immediate future of employees in a number of meat packing and processing establishments operated in a number of provinces by Burns & Co. Ltd., a company with head office at Calgary, Alberta, arising out of the failure of the said company and a trade union representing the said employees of the company namely the United Packing House Workers of America to dispose of the matters presently in dispute in accordance with the agreement arrived at as a result of the recommendation of the Richards Commission of 1944;

AND WHEREAS the Minister is also advised by the departments of the Government of Canada responsible for food supplies that a stoppage of work in such establishments would seriously curtail the amount of meat supplies necessary to meet the essential civilian needs in Canada and in Allied countries, and for the armed forces of Canada and the Allied countries, and the distressed peoples in Europe and would seriously affect the agricultural industry in Canada;

AND WHEREAS in view of the foregoing, it is deemed necessary, by reason of the war, for security, defence, peace, order and welfare of Canada, that a controller be appointed to manage and control the operations of the company in the aforesaid establishments and that the employees of the company in such establishments carry on their employment without stoppage of work pending settlement of the dispute aforesaid;

NOW THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour and under and by virtue of the powers conferred by the War Measures Act, Chapter 206 of the Revised Statutes of Canada 1927, is pleased to make and do hereby make the following Order;

## —ORDER—

1. In this Order "Company" means Burns and Company Limited, a company with head office at Calgary, Alberta; and "Establishment" includes a work, undertaking or business.
2. James Gordon Taggart, Esquire, of the City of Ottawa is hereby appointed controller of the business, undertaking, affairs and operations of the company necessary for the operation of its meat packing and processing establishments situated at Vancouver, B.C., Edmonton, Alberta; Regina, Saskatchewan; and Winnipeg, Manitoba.
3. The said controller shall have the custody and control of such property and assets of the company as he in his uncontrolled discretion and judgment may deem necessary in order to manage, operate and carry on the business of the aforesaid company and he shall, for such purposes, have and exercise the powers, authorities and rights of the board of directors of the company.
4. The controller shall exercise the foregoing powers and authorities subject to such instructions and directions, if any, as may from time to time be approved by the Governor in Council.
5. The Governor in Council may, for the purpose of this Order, from time to time appoint deputy controllers who shall have and exercise any and all powers conferred on the controller subject to any restrictions thereof which the controller may from time to time impose and subject, in all cases, to review by the controller.
6. The controller, any deputy controller and any person acting for or on behalf of, or under the authority of the controller shall not be or become liable to any person (including the company, its creditors or shareholders) for anything done or omitted in the exercise or purported exercise of any power or authority from time to time vested in or conferred upon the controller.
7. The authority of the controller shall commence at twelve o'clock noon the twelfth day of October, 1945, and shall continue until the same is revoked by Order in Council which shall be published in the Canada Gazette.
8. The authority of the board of directors of the company in respect of the management, operation and carrying on of the aforesaid establishments of the company is, subject to Section 19 of this Order and insofar as the same is abrogated by or pursuant to Section 3 of this Order, suspended from twelve o'clock noon the twelfth day of October, 1945, until the powers, authority and rights of the controller in respect of such management, control and operations shall be revoked.
9. It shall be the duty of every person in the employ of the company at or in any of the aforesaid establishments of the company to perform the duties of his employment until the authority of the controller is revoked; and every person who fails to perform his duties as aforesaid as herein required without lawful excuse, the onus of the proof of which is upon him, is guilty of an offence and liable upon summary conviction to a fine of twenty dollars for each day or part of a day on which he fails to perform his duties.
10. The bargaining representatives of the aforesaid employees and the company shall enter into negotiations immediately with a view to the settlement of the matters presently in dispute between them and shall negotiate in good faith with one another and make every reasonable effort to conclude a settlement.
11. Any person who (a) interferes with the exercise by the controller or any deputy controller of any of the powers, authorities and rights conferred upon him or (b) interferes with any employee or other seeking to comply with the terms of this Order or (c) counsels or procures any person to violate this Order shall be guilty of an offence and liable upon summary conviction to a fine not exceeding in the case of (a) five thousand dollars or imprisonment for a term not exceeding five years or to both such fine and such imprisonment and in the case of (b) or (c) to a fine not exceeding five hundred dollars or imprisonment for a term not exceeding six months or to both such fine and such imprisonment.
